

John & Christina

We are John & Christina

We love being parents and are honored to share more of our story.

We hope these photos give you a glimpse into our life together and the love and experiences we are excited to share with your child.

Before we begin, we wanted to start by saying we are grateful for the opportunity to share our family with you. We don't know how it has come to be that you are reading this now, but we believe it is no accident. We cannot imagine where you are but we want you to know, we hope to always be there for you and your child.

We have two children but we strongly believe we have room in our home and our hearts for another child. Children are a gift from God.

In our home your baby will have both a brother and sister to grow up with. We think siblings are a sweet and important life-long relationship. We seek to encourage all of our kids individually, and to grow relationships with each other. We pray they will be a source of fun and support throughout their life.

Over the next few pages we hope to share our love for family and our desire to provide your baby with a secure and loving home that is full of joy and laughter.

# Recent road trip to Palo Duro Canyon

Maui

Manitou Springs

Chicago

London

*Before we had children, we enjoyed some amazing travels together. Now with kids, we enjoy sharing new adventures with them.*

We met sitting by a campfire, on a weekend get away with a group of volunteers from Church. The next weekend we went country dancing and the rest, as they say is history.

We have been through a lot of life together but we believe each experience has made our marriage strong and our home life is happy.

# More About John

Our daughters first trip

Biking in England

Dinosaur State Park

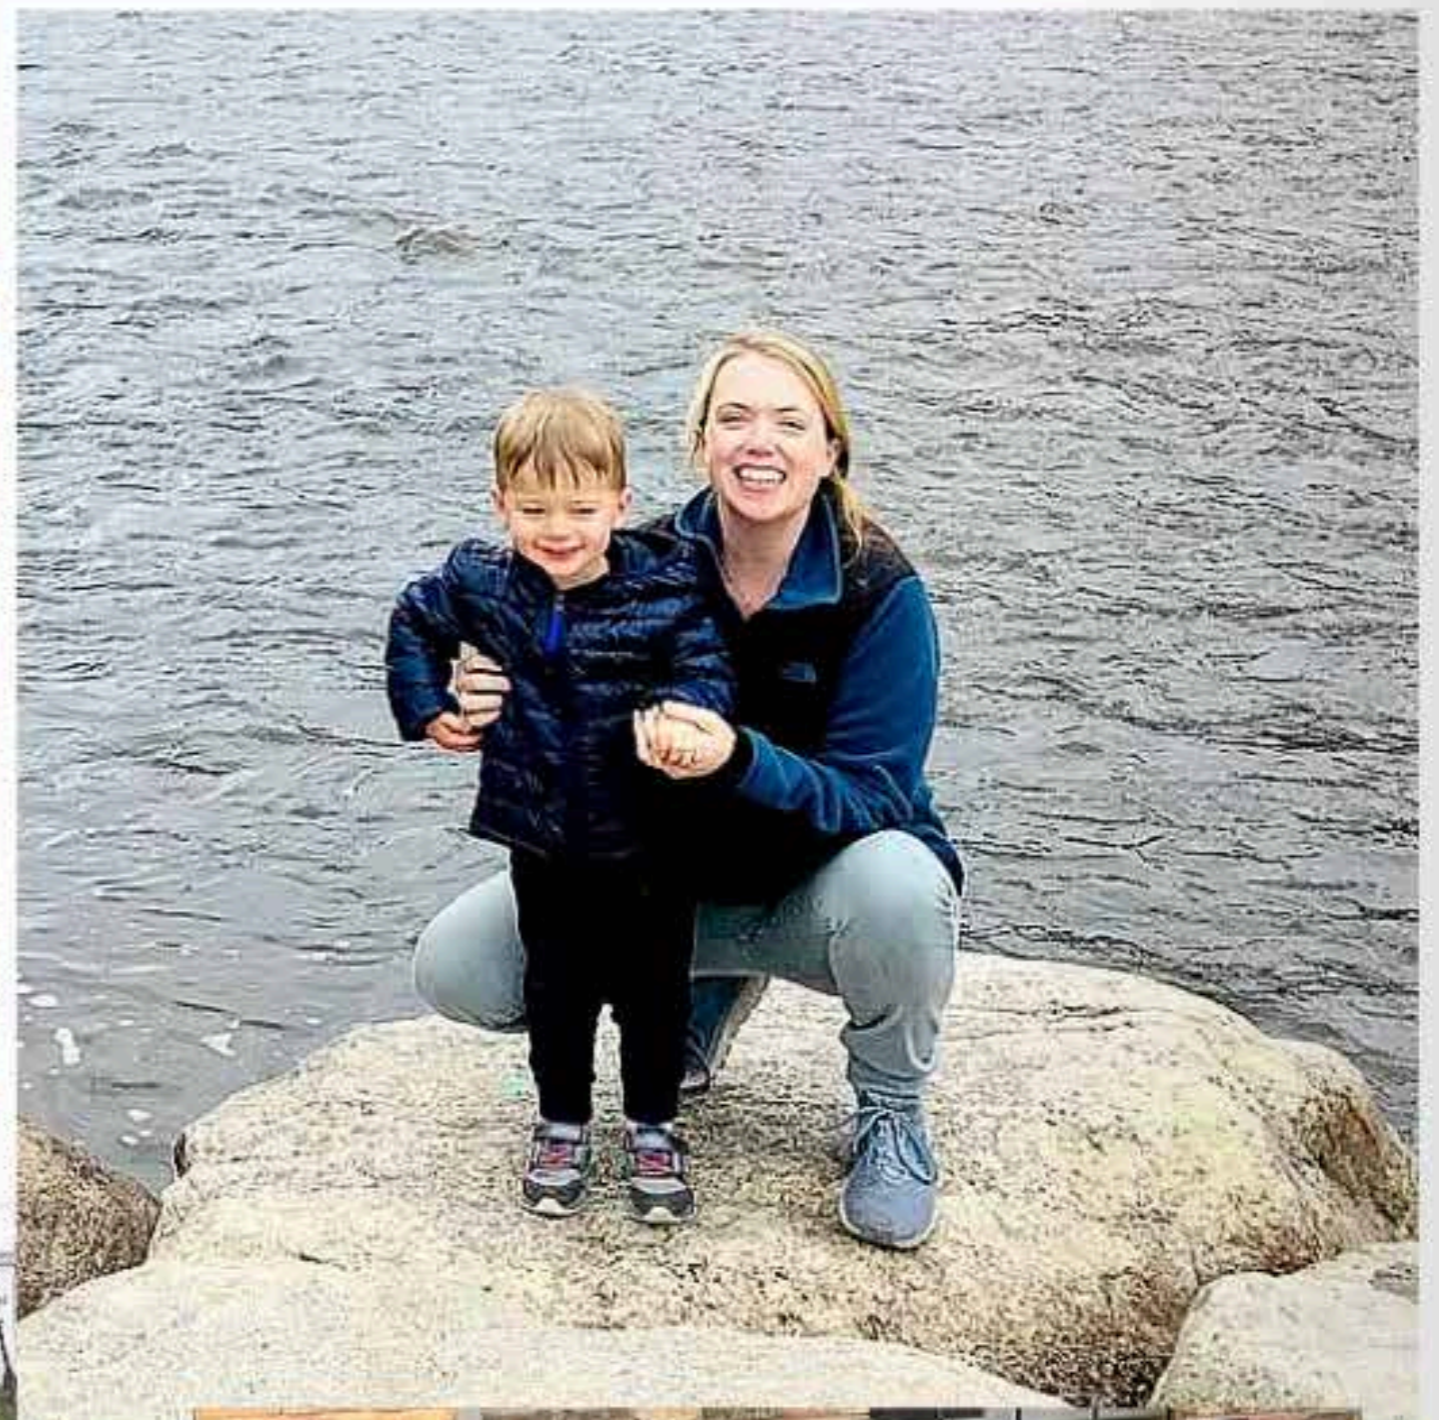

John is a "fun" dad and very involved and engaged with the kids. He has a heart for adventure and loves to share new experiences with the children and our friends and family. He is the ring leader of fun times. He is a provider, protector and leader of our family.

## More about Christina

**Christina always wanted to be mom, but didn't know quite how much she would love it. She is patient and intentional with the children. She is constantly thinking of ways to support, teach and love them. She enjoys cooking dinner from scratch most nights. We make it a priority to eat together as a family.**

**Our home is in a family friendly neighborhood lined with trees, where everyone is out in the front yard**

We have fun space in the center of our home and a play-fort that John built

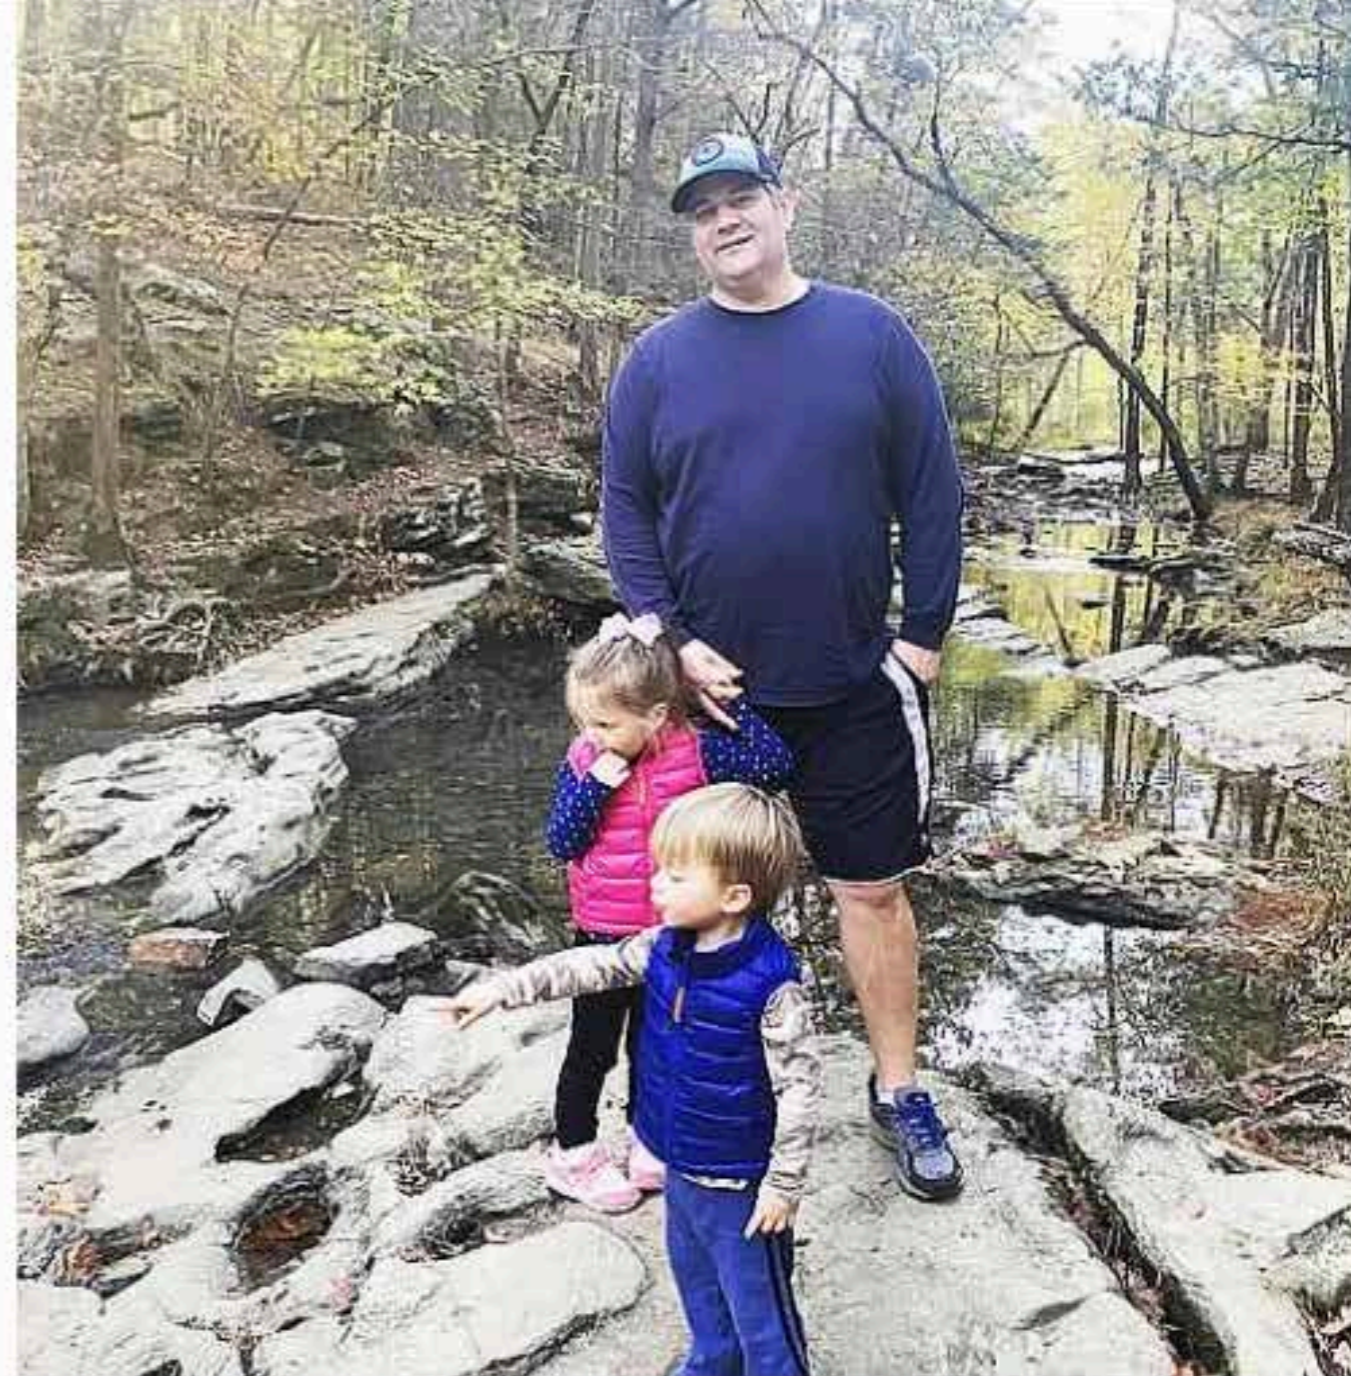

**Our family extends to many friends who live near by, we love gathering for holidays and everyday celebrations.**

**Camping is one thing we enjoy doing as a family. We have gone to several state parks over the last year**

We don't get a lot of snow in Texas, but when we do, we let our dinosaurs play in it too!

Craft time and baking fun!

Our hope for our family and our home is a place of joy and of rest. Where kids can be kids. They know they are loved and accepted no matter what, and that will never change.

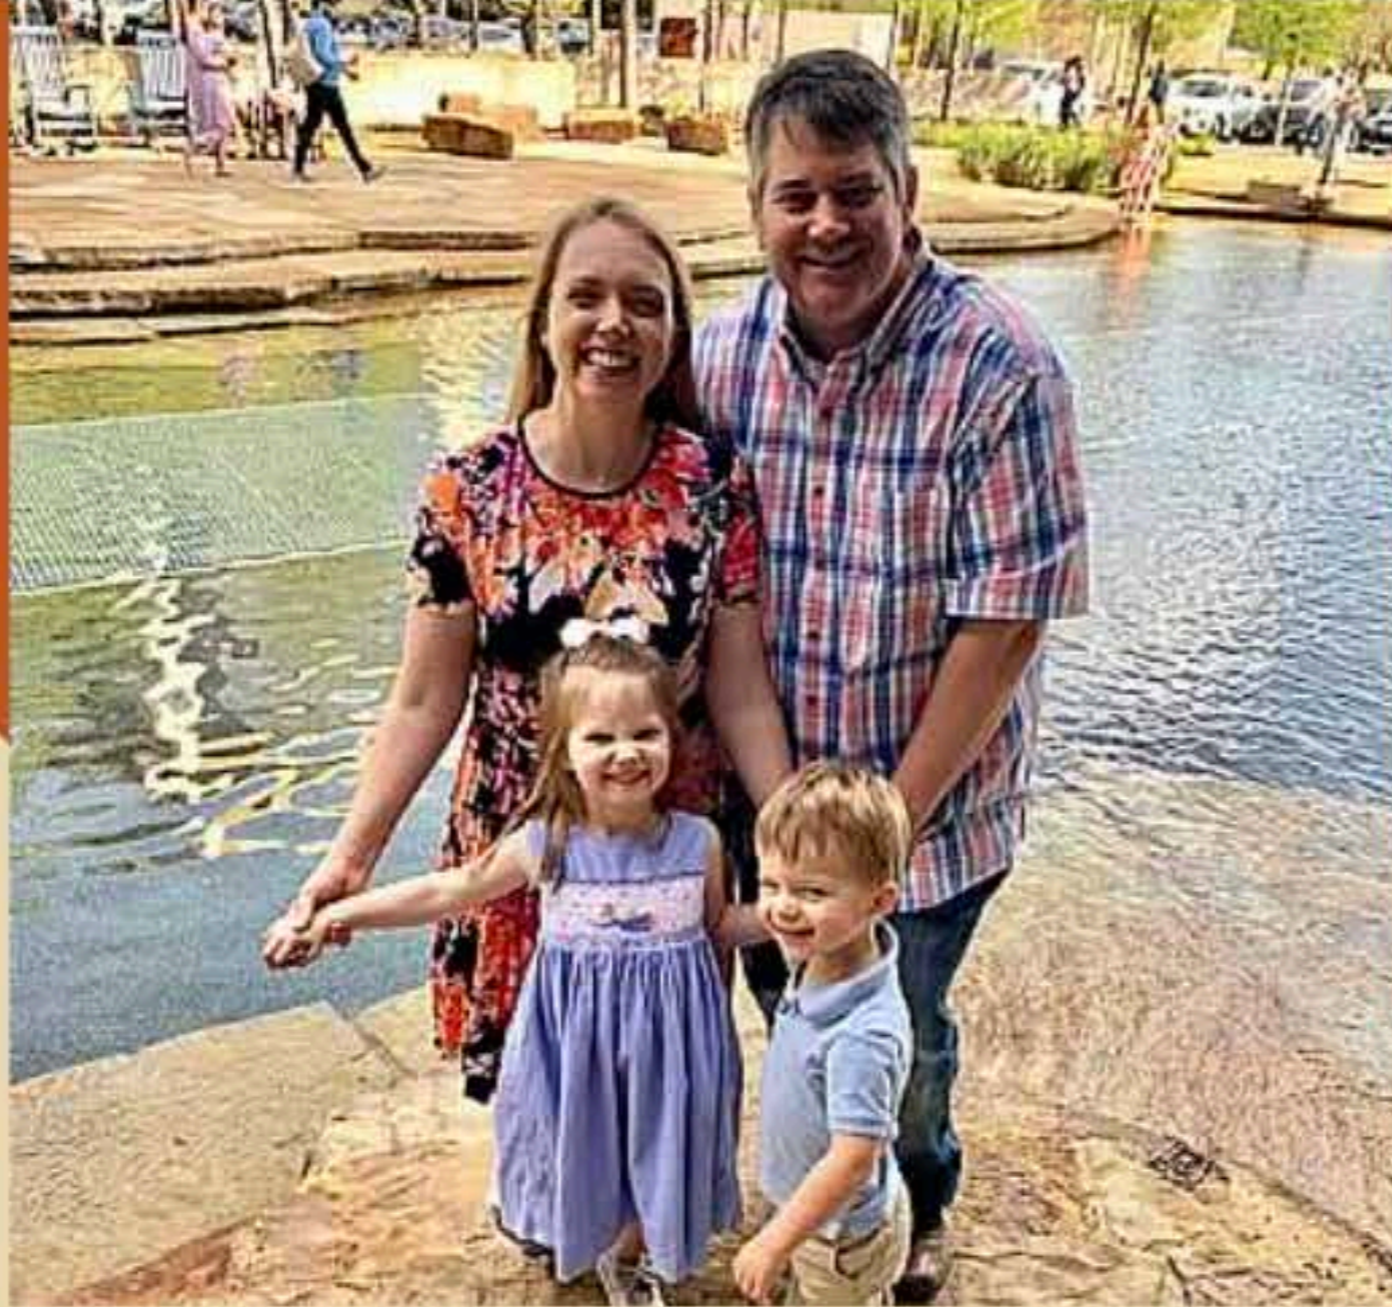

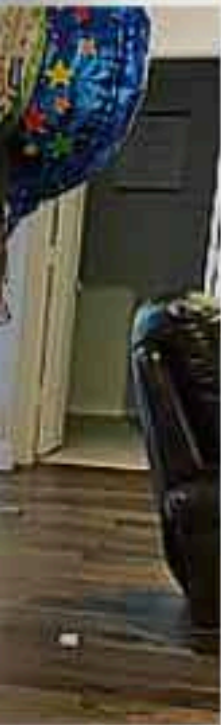

We would be honored to love your baby unconditionally for their entire life. We will pray, advocate, support, encourage and delight in your child every day.

We would always speak of your strength, love and your character in a positive and encouraging way.

We hope to give your child a home base and a solid foundation to support them with opportunities to learn and go out in to the big world to live out God's plans for their special, precious life.

May the Lord bless you and keep you.

May the Lord make his face to shine upon you, and  
be gracious to you.

May the Lord lift up his blessings upon you, and  
give you peace.
